TUCK'S POST CARD

CARTE POSTALE.

POSTKARTE.

By Appointment.

Worcester Cathedral. Worcester Cathedral affords striking examples of architecture from Earliest Norman to Latest Perpendicular, generally of the Early English character. Of the Church, begun by Bishop Wulstan in 1084, only the crypt remains; its tower, 170 feet high (1874), was restored about 1874 by the generosity of the late Earl Dudley, and contains a splendid peal of bells.
